

ACCIDENTAL BOMBINGS

OF CIVILIANS BY THE NIGERIAN ARMED FORCES

The protection of citizens and state sovereignty is the responsibility of the Armed Forces, but it becomes unsavoury when innocent citizens are caught in the crossfire of their activities. With the recent accidental bombing of civilians by the Nigerian Army in Igabi LGA, Kaduna State, on Sunday, December 3, 2023, it is concerning to recall that there have been **at least 324 reported deaths between 2017 and 2023**.
