

#BringBackOurGirls 9 Years Later

"But we can not claim to have defeated Boko Haram without rescuing the Chibok girls and all other innocent persons held hostage by insurgents. This government will do all it can to rescue them alive."

**Over 12 Girls in the
Custody of the Borno
State Government**

It is disheartening to hear that some of the girls have been rescued or have escaped from the terrorists' subjugation only to find themselves in a different kind of captivity.

This situation is unacceptable, considering the trauma they have already experienced.

The girls deserve the freedom to reconnect with their families and take charge of their lives.

OUR DEMANDS AT 9 YEARS

- 1** Bring back our girls before May 29, 2023.
- 2** Accountability from the Borno State Government.
- 3** Provide closure for parents on the fate of their daughters.
- 4** Psycho-social support for Chibok and other conflict-affected families.
- 5** Equip and motivate the police and armed forces and see to their welfare.
- 6** Reinvest in the Victims Support Fund (VSF)
- 7** Public statement on the **Missing Persons Register** and immediate reopening of a properly resourced and staffed **Missing Persons Desk**.
- 8** Report on the coordinated provision of security for schools.
- 9** Status report on the **Safe Schools Initiative** and adequate financing to ensure its effectiveness.

Nigerians are tired of the empty promises constantly dished out by the President Buhari-led administration. 9 years is too long for even one Chibok Girl to still be in captivity. Again we say, **#BringBackOurGirls Now!**
