***Disclaimer:** Some are currently not receiving state pensions for political, economic and/or administrative reasons.

Kwara State House of Assembly has passed a bill to **suspend payment of pension to former governors and deputies when they hold a political/elective office.**

Mr Bukola Saraki (Senator, Kwara Central), **who was a 'double dipping' senator initiated the bill.** He has urged other **state Houses of Assembly to follow suit and pass similar bills.** He also advised other **former governors who hold public office to take steps to suspend their salaries while in political office.**

Kudos to Mr Saraki. Will they heed the advice?
