

VOTER APATHY: GIANT OF AFRICA LEADS THE PACK

Voter apathy has characterized elections in Nigeria since our return to democracy in 1999. The 2015 presidential election recorded the lowest voters' turnout since 1999, trailing that of recent presidential elections in select African countries.

To make democracy work, we must be a nation of participants, not simply observers. One who does not vote has no right to complain.

- Louis L' Amour

Percentage of Voters' Turnout

*Cancelled August 8th Election **First Round ***Second Round

Active Citizens **register to vote** in elections.
